W. B. BROWN.

THURSDAY, MAY 8, 1856.

The Daily Journal has much the largest circulation in the city and double the circulation in the country of any other daily paper printed in Louisville; and the Weekly Journal has much more than double the circulation of all the other weekly papers in Louisville put together.

POLITICAL DUTIES.—There are two great and dangerous questions which now agitate this country. Both of these questions are of such importance as to demand the utmost regard from all the loyal friends of this confederacy.

The first is the Catholic question. This can neither be ignored nor avoided. It has already thrust so boldly and so prominently before this nation—it has already put upon each of us a responsibility to do our duty, and to do it well.

The second is the Foreign question.

Both of these questions are of such

importance as to demand the utmost regard from all the loyal friends of this confederacy.

The Foreign question is the most

dangerous of the two.

RIVER AND STEAMBOAT MATTERS.

REPORT OF THE ACADEMY OF THE MECHANICS' INSTITUTE.—In another column will be found the report of Mr. M. M. Green, the Secretary of the Mechanics' Institute for the past year. It exhibits the affairs of the Institute in a very flourishing condition. The greater part of the report is devoted to the construction of the Academy. We are truly gratified at the vast increase of the Institute which is manifested in this statement. The number of readers has been doubled during the past year. This branch of the Institute is one of great importance. It deserves the constant care of the officers of the Institute and richly meritis the liberal encouragement of our citizens.

Great credit is due to Mr. Green for his faithful and indefatigable attention to the interests of the Institute and his never-failing politeness to the subscribers to the Library.

BOLIDE EXPLOSION.—Early yesterday morning in Mr. Finch's tanyard, on Beargrass creek, exploded a gunpowder barrel. A son of Mr. Finch, about 15 years old, was accidentally scalped as his life is despaired of. Two or three others were slightly scalped. The building sustained but little damage.

LONG MAY IT WAVE.—The Star Spangled Banner was the most thrilling and beautiful poem ever published in this country. It is from the pen of a popular female writer and every body is reading it.

Mr. S. G. Henry would call special attention to his well-kept household and kitchen furniture, this morning, Thursday, at 10 o'clock, at the residence of Mrs. Latapie, on Jefferson street, south side, three doors from Ninth. Sole positive, on account of the departure of the owner.

Previous to the sale of furniture, the dwelling-house with lot will be rented at auction for the term of two years.

THE OILY VALLEY FARMER.—We have received the first number of a paper under this title, published by Cropper & Brown of Cincinnati and devoted to the interests of the farmer, the gardener, and the horticulturist. It is an exceedingly handsome quarto of sixteen pages, filled with choice original and selected matter. It will at once take its place among the agricultural papers of the country.

THE TELEGRAPH WIRES were down east of Pittsburg last night.

MEETING OF MANUFACTURERS AND MERCHANTS.—The regular monthly meeting of the Chamber of Commerce will be held at the Merchant's Exchange, on the corner of Main and Market streets, this evening at 8 o'clock. This meeting will be one of the deepest interest, both to the merchant and manufacturer, inasmuch as a partial report of the committees on manufactures will be read. Parts of these reports we have examined, and we are satisfied that they possess unusual interest. We earnestly hope that the attendance of manufacturers and those interested in the manufacture will be large, and that the meeting will prove of service to the best interests of the city.

We call the attention of real estate buyers to Mr. C. C. Spencer's sale of improved and unimproved Grayson and Green street lots this afternoon at 4 o'clock, on the premises. These lots are desirable and should command the attention of those wishing to invest. See advertisement.

THE THEATER.—Mrs. Gladstone's appearance at the Fair last night was a most charming piece of acting. The more we see this lady the more we are pleased with her agreeable manner, her sweet taste and truly artistic rendering of every character she has undertaken, distinct, and entirely correct. Her conceptions of character are true to nature, and her acting manifests not only severe study but a fine appreciation of the highest beauties of her profession.

To-night she will appear as *Julias* in the "Bonny Moon" with Haskell as the *Duke*, and also as *Rudolph* in the sentimental drama of the "Woman." Mrs. Gladstone will most certainly deserve success. She is perfectly at home in every part she takes, and is a distinct, and entirely correct. Her conceptions of character are true to nature, and her acting manifests not only severe study but a fine appreciation of the highest beauties of her profession.

T. G. CRANDALL, who was arrested in New York and taken to Memphis on a charge of having connived with one Baldwin to defraud the *Planters* Bank of Tennessee out of \$17,000, has been examined in New York, and is to be held on \$5,000 to answer the indictment of what he was committed. Baldwin was held to bail same time ago in \$3,000. He managed to get it and escaped.

Capt. J. H. Perine, of Middletown, Ky., sent us yesterday a tastefully finished arm chair made in the Rustic style, for which he has our thanks. It is strong, light, and comfortable. Such chairs are excellent and appropriate for garden seats and also for seats in halls and parlors.

Capt. Perine will furnish rustic chairs to order. Any one desiring them can address him at Middletown, Jefferson county, Ky. They will be delivered at Whipple's stable in this city.

W. H. WESTBROOK, connected with the Indianapolis Sentinel, has come to our city to solicit advertising and subscriptions for that paper. It is a Democratic paper and an influential one. It has stood up manfully for the interests of Louisville.

THE LOUISVILLE CONTRIBUTION TO BARNSTAD.—The following letter from the committee appointed to receive contributions in behalf of the sufferers by the recent disastrous fire in Barnstard has been received by Mayor Barber. Mr. Flanigan, of Wilmington, Wilkins was killed at the fire.

THE NEW JERSEY FERRY DISASTER.—The examination of the captain, pilot, and engineer of the ferry-boat which exploded at Philadelphia and the Jersey shore some time ago, has been concluded before the U. S. Commissioner of Philadelphia. The Committee discharged the captain and pilot, but held the engine to be fault in \$2,000 to answer. The Commissioner concludes his decision thus:

The engine and part of the boiler, the most critical of the disaster, was exploded when raised. Covered with patches, and these were not of the quality of those which caused the grate, was a hole in the side of the boiler—the iron at that spot "not being thicker than a Spanish wedge." From the evidence of the captain, pilot, and engineer, it appears, from negligence of his duties, did not know the condition of the boiler at that point when raised. Covered with patches, and these were not of the quality of those which caused the grate, was a hole in the side of the boiler—the iron at that spot "not being thicker than a Spanish wedge."

The other officers of the Council were elected as anti-Fillmoreans.

THE AMERICAN—The announcement that New Hampshire had repudiated Fillmore was read with cheer, and was received with great interest, both to the merchant and manufacturer, inasmuch as a partial report of the committees on manufactures will be read. Parts of these reports we have examined, and we are satisfied that they possess unusual interest. We earnestly hope that the attendance of manufacturers and those interested in the manufacture will be large, and that the meeting will prove of service to the best interests of the city.

We call the attention of real estate buyers to Mr. C. C. Spencer's sale of improved and unimproved Grayson and Green street lots this afternoon at 4 o'clock, on the premises. These lots are desirable and should command the attention of those wishing to invest. See advertisement.

W. H. WESTBROOK, connected with the Indianapolis Sentinel, has come to our city to solicit advertising and subscriptions for that paper. It is a Democratic paper and an influential one. It has stood up manfully for the interests of Louisville.

FROM KANSAS.—We have received the *Wester* (Mo.) Argus of Friday last, which contains the report of Jones' death, and states also that "the abolitionists have inhumanly assassinated another pro-slavery man named Harper." No particulars are given.

THE STORM ON TUESDAY NIGHT.—One of the most violent storms we have known for years swept over the city of Louisville, but did not do any damage to any large brick walls. On Monroe street, between Second and Third, was almost destroyed, nearly a third of it being property of John M. Lee, Esq., of Louisville. Sheds were uprooted and torn to pieces in various parts of the city.

MURKIN'S EXAMINER.—CITY COURT.

WEDNESDAY, May 7.—**MURKIN'S EXAMINER**, breaking into the Orphan's House. Mrs. Ewbank, the slave of Jacob Augustus, breaking into the Orphan's House. The girl was frequently beaten and provoked and other articles stolen. The girl was caught that night, and a dress she wore was identified.

GEORGE H. HART.—**Mr. T. H. Hall** was killed by a youth of 17 or 18 years of age, in Ripley, Miss., on Monday last. The circumstances, it is said, justify the youth, Dixie.

THE PENNSYLVANIA RAILROAD COMPANY.—The Pennsylvania Railroad Company of New York, have sent down to the Louisville supply of rifles and revolvers in order to defend themselves in case any further outrages should be attempted against them; and have no advice of the Government.

THE CAMELS.—The Indians (Texas) Indians of the 12th inf'ty, say workers are now busy in erecting enclosures for the camels that are now daily expected at that port for service on the Western plains. The building is to be 200 feet long by 20 feet in width, and the enclosure will cover ten acres of ground. It is proposed to keep the animals at that place several months to recruit them.

THE HORSE FAIR POSTPONED.—In consequence of the backwardness of the season and the impossibility of getting stock ready by the 13th of May, the directory have determined to postpone the exhibition of horses until the 10th day of June. List of rings and premiums can be had at this office. A sale at auction of all kinds of stock will take place on Friday after the fair.
